A Visit to OUR SCHOOLS

A Pictorial Review

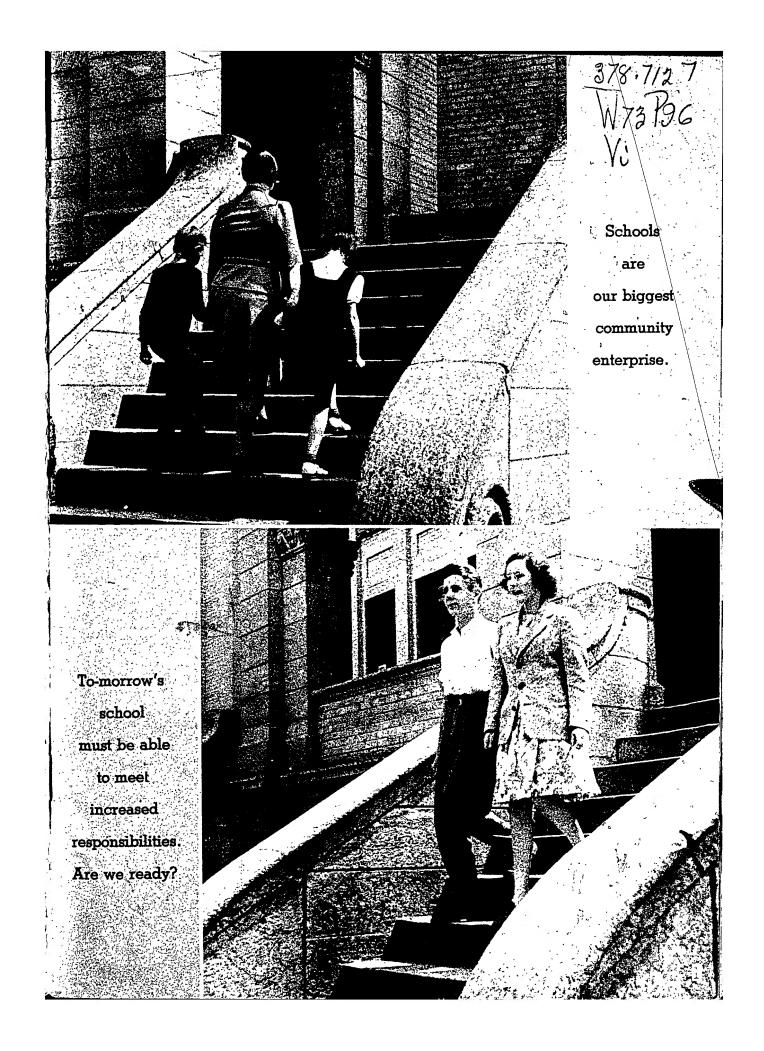

SCHOOL DISTRICT OF WINNIPEG NO. 1 - 1945

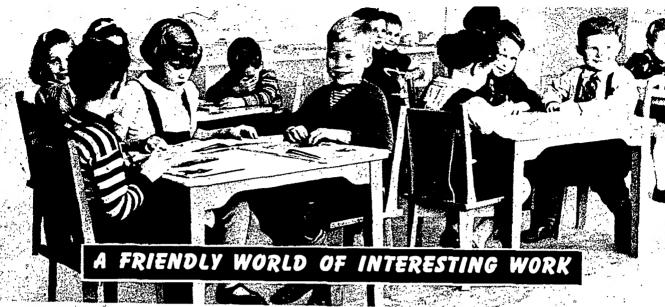

Foreword

This is a report to the citizens of Winnipeg of some of the activities carried on in its schools. The class-room of to-day is changing rapidly. Modern science and industry have transformed our world and have made our lives more complex. The youth of to-morrow must be highly trained as a home-maker, a worker, and an efficient citizen.

We have gone a long way in meeting the needs of youth, but much remains to be done. This report gives you a glimpse of the varied activities carried on with this in view. We hope that it will encourage you to join your local Home and School Association, or to visit the school and get to know the principal and teachers.

The most important function of home, school, church and community is to co-operate in training our young people for good citizenship.

HERE THE CHILD GETS MANY OF THE EXPERIENCES REQUIRED BEFORE HE IS READY FOR READING AND WRITING.

KINDERGARTEN MAKES THE CHANGE FROM HOME TO SCHOOL LIFE GRADUAL AND EASY.

The kindergarten provides a stimulating environment that completes the provisions of even the best home. It seeks to meet the child at his level and further his social, academic, artistic, physical and musical development.

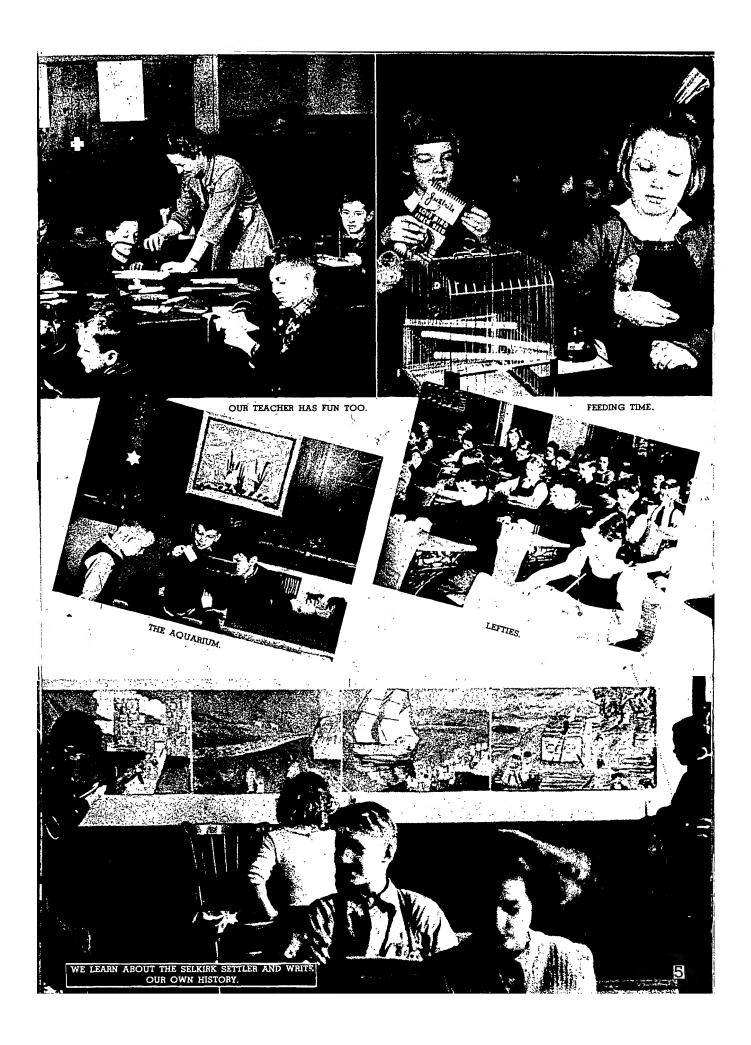

STORY TIME,

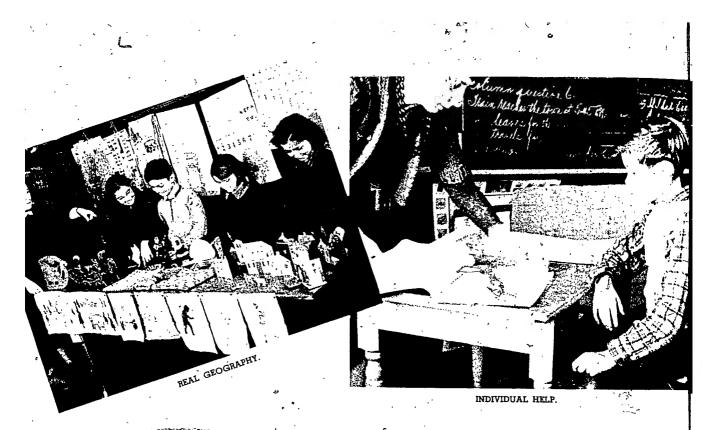

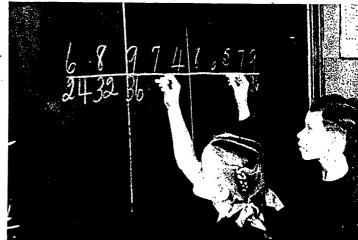

Drudgery and play are opposite ways of performing work.

EVERYONE TAKES PART IN SOCIAL STUDIES.

THE CITY BOY NEEDS THESE EXPERIENCES.

Learning by Doing

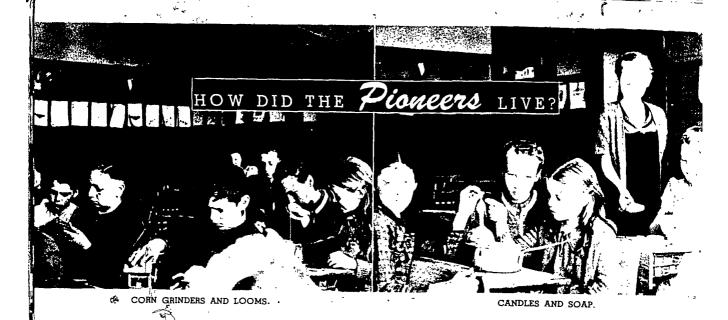

The Intermediate School provides experiences that survey the chief areas of human knowledge and activity, together with self-study and guidance as the basis for making the inevitable choice that comes during the "teen ages."
